

You are invited to attend an important training workshop on the new **Washington Statewide VINE Service**

A service provided by the
**Washington Association of
Sheriffs and Police Chiefs**

VINE is an automated service that provides crime victims continuous access to vital offender information over the telephone and via the Web. This service will provide information on offenders in your county jail and soon state prisons for information/notification to victims, law enforcement, and the public.

The workshop will cover:

- **What the VINE service is.**
- **How the VINE service works.**
- How to access information through VINE.
- How to register for notification.
- Questions you have regarding the VINE Service.

This service is a great benefit to victims...but, only if they are informed. You can help!
This seminar covers information vital to victims of crime.

This is a FREE Workshop

My name: _____

Agency: _____

_____ I will attend _____ I will not attend _____ # of my staff will attend
